

Aptus Collared Income Opportunity ETF

Calendar Year 2019 through December 31, 2019

Days traded at premium	101
Days traded at net asset value	1
Days traded at discount	21

The following table and line graph are provided to show the frequency at which the closing price of the Fund was at a premium (above) or discount (below) to the Fund's daily net asset value ("NAV"). The table and line graph represent past performance and cannot be used to predict future results. Shareholders may pay more than NAV when buying Fund shares and receive less than NAV when those shares are sold because shares are bought and sold at current market prices.
